FAMILY VALUES

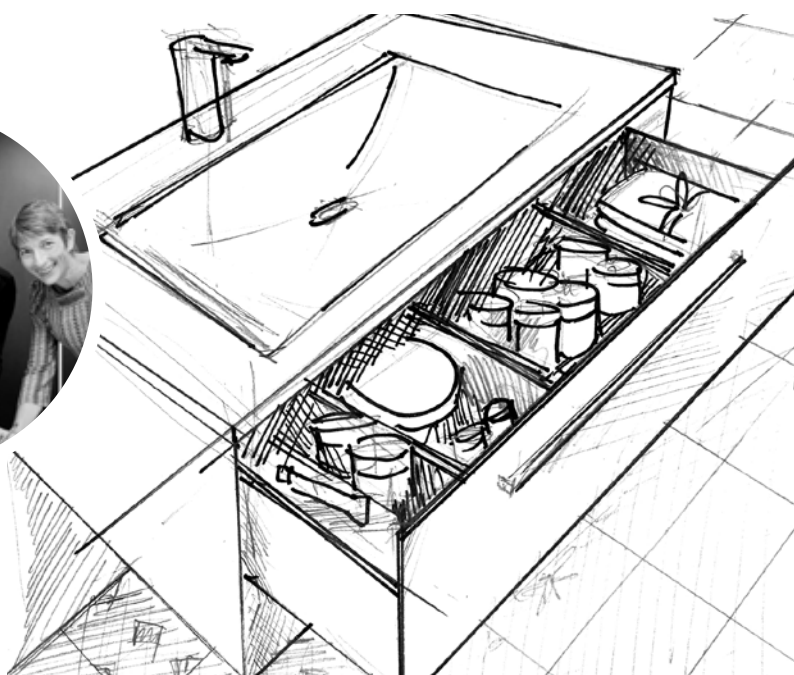

A FAMILY COMMITMENT!

Ambiance Bain derives its true strength from our values in working, methods, knowledge transmission and business commitment which have driven our family and our whole business for over 60 years. We are constantly striving to improve our service, our processes and our quality so that we deliver outstanding products to our customers that will exceed their expectations.

FRENCH STYLE

DESIGN CREATIVITY

Our designers and technicians provide us with the impetus to create, innovate and pursue new avenues and styles. They design products to integrate effortlessly with the flow of modern life, focusing on quality and ergonomics with a certain French «je ne sais quoi»

UK STOCK

A range conceived to be held in stock at our UK warehouse for rapid delivery throughout the country.

TRADITIONAL MANUFACTURERS ARTISAN METHODS

All of our units are assembled using traditional methods with glue and dowels. They are then individually pressed to ensure their solid longevity. Each unit is individually inspected then carefully packaged before transport to our UK facilities. We then inspect again before delivery to your bathroom retailer.

A COMPREHENSIVE RANGE

YOUR ENTIRE BATHROOM

We manufacture a fully comprehensive range of bathroom components : a unique approach that allows you to equip your bathroom with beautifully co-ordinated bathroom furniture and showering solutions.

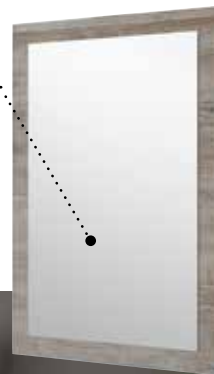

SMO™ BASIN

The SMO™ basins are moulded in one piece with a tough high gloss coating.

MIRROR

MOOD mirrors match the colour and wood designs to perfectly reflect your style.

CERAMIC AKIDO BASIN

The slim 20mm fireclay ceramic basins have smooth curves and edges for easy cleaning and maintenance.

DRAWERS

Fully opening deep drawers with BLUM drawer box and soft close concealed runners. The highest quality.

MANUFACTURING QUALITY

WC UNIT

Suitable for cistern or WC frame to facilitate back to wall or wall hung WC pan.

MAXI TALL UNIT

Additional storage solutions. Fully co-ordinated.

AKIDO 600mm UNIT

2 deep drawers provide ample storage, ideal for organising your everyday items.

The slim 20mm ceramic basin has smooth curves and edges for easy cleaning and maintenance.

BUAKID602DRF01 60cm 2 drawer unit F01 Gloss white with PTCAKIDO60C Akido ceramic basin, SQUARE60K mirror and BATHP170 Bath panel.

BLUM SOFT CLOSE
TECHNOLOGY

BUAKID601DR713 60cm 1 drawer unit 713 Linen Ash
with ZZAKID060BL SMO™ Gloss white basin, MITB55 mirror
and ECSANK Sanctuary light.

SMO™ BASIN

The SMO™ basins are moulded in one piece with a tough high gloss coating. The basin's gently sloping sides and effective upstand combine good looks with perfect hygiene.

SMO™ ALTIMA SHOWER

Co-ordinating Altima shower tray and wall panels complete the look with the same hard wearing material. No grouting to discolour, the easiest to clean and reduced installation times. What could be better.

BUAKID603DR721 60cm
3 drawer unit with BOSS ceramic
basin 721 Bosco, MITB55
mirror, ECIPHK Phantom light,
ZBDEC9090 SMO™ Gloss
white Altima shower tray and
ZPDEC24090 Wall panel.

IDEAL FOR RENOVATION PROJECTS

Ideal for bathroom renovation projects, the 3 drawer basin unit offers outstanding storage space, even within a limited 600mm space. Floor standing on small adjustable feet keeps the unit edges away from any water on the floor, making cleaning easier and ensuring the installation is the simplest possible. The top drawer features a cut out recess for the basin waste and the 3 drawers maximise the possible storage.

BUAKID602DOR721 60cm 2 door unit with BOSS ceramic basin 721 Bosco, MITB55 mirror and ECIPHK Phantom light.

2 DOOR UNIT

If you prefer cupboard storage instead of drawers, then the Akido 600mm tall unit offers the ideal solution.

With BLUM soft close hinges and integral shelving offering maximum storage in a compact unit.

Phantom LED light

a focus

MIRROR

Complete your look with a fully matching MOOD mirror and choose from 4 contemporary light options.

DRAWER QUALITY

Akido drawers all open fully to give optimum access to the storage area and close gently with an integral BLUM soft close action. The metal sided drawer box features concealed runners which are adjustable in 3 directions to ensure a perfectly aligned drawer front.

ALTIMA SHOWERS

SMO™
THE SAME MATERIAL FOR
THE WHOLE SHOWER

MATCHING WALL CLADDING
panels in 2 widths and 2 heights

WASTE
90mm multi-directional shower waste with hair trap and Stainless Steel grid included

ONE PIECE SHOWER TRAY
with highly resistant a surface featuring riven stone effect finish.

SIT ON

ALTIMA shower trays have a flat base so they can be installed directly onto the existing floorboards or tiles.

INSET

Thanks to their low height (3 cm), ALTIMA shower trays can be fitted onto flooring joists and inset into the floor for a wetroom look.

SMO™

This versatile hardwearing material which has been designed and manufactured by Ambiance bain for over 20 years is a mixture of polyester and natural stone powders. It is cast into matching contemporary shower trays, wall panels and even one piece moulded basins and worktops within our own factories.

Quick & simple installation

Cut panels and trays to exact dimensions

Easy-cleaning
No grouting

***bath
replacement
simplicity***

Replacing your bath with an easily accesible low threshold showering solution creates the ultimate in contemporary style. One piece tray and wall panels mean quick and simple installation as well as effortless cleaning with no grout to discolour.

BEFORE

TOUGH AND DURABLE

Highly resistant to scratches, dents and chemicals, trust ALTIMA shower trays and panels to stand the test of time.

AFTER

SIMPLE SOLUTION

ALTIMA shower trays can be ordered in standard sizes, factory cut to specific dimensions or may be cut to required size on site. Wall panels can be glued onto most dry wall surfaces without any need for replastering.

TECHNICAL SPECIFICATIONS

• ULTRA-RESISTANT GELCOAT AND NATURAL STONE EFFECT RIVEN SURFACE

The finished surfaces are created by spraying a layer of gelcoat 1000 microns thick into a natural riven stone effect design.

This makes the finished product 30 times more resistant to scratches or dents and more waterproof than our competitors sanitary paint finishes.

• HIGH DURABILITY

An anti UV treatment gives high resistance to aging, high colour stability and makes the products fade resistant (complying with standards NF438-2 and EN14527)

• ANTI-SLIP SURFACE

All ALTIMA shower trays comply with anti-slip regulation XP P05-01 O thanks to it's riven stone effect design.

• HIGH RESISTANCE TO CHEMICAL PRODUCTS

Bleach, limescale remover, drain cleaner, white vinegar... (complying with standard EN14527)

• HIGH RESISTANCE TO SCRATCHES AND DENTS

Impact resistant from everyday objects and abrasives (exceeding standards XPD60-050 and XPD12-210)

• WATERPROOF

100% non porous, mould resistant, moulded in one piece, no grout lines or joints requiring maintenance

• ACOUSTIC QUALITY

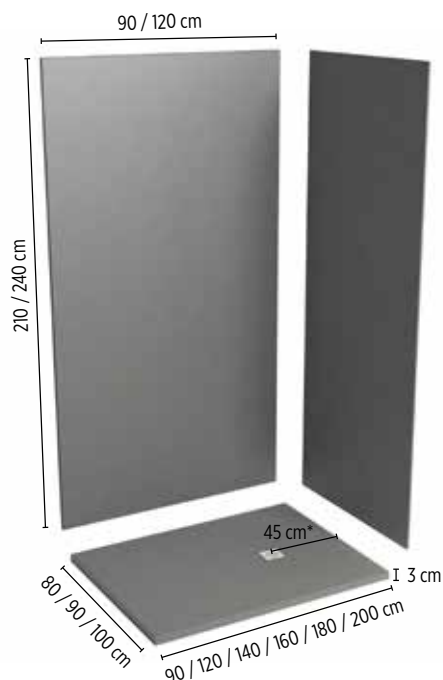

Solid material with very low noise resonance

• FIRE RESISTANCE

Standard M2 (exceeding regulations NPF 92-501/3/4 & 5)

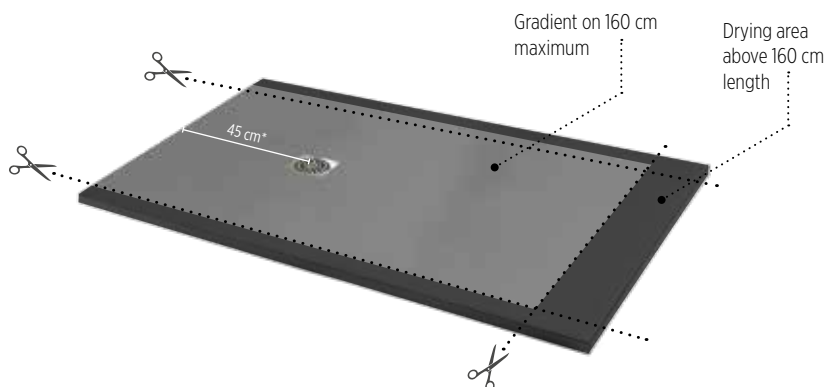

SIZES

MADE TO MEASURE ADJUSTMENT

ALTIMA shower trays may be ordered factory cut to pre-defined dimensions or cut on site to the exact measurements required using a continual diamond edge disk cutter. Please note that any cut over 5cm from each edge may encroach into gradient showering area. ALTIMA shower wall panels may be cut to size or drilled for shower fittings on site using normal wood cutting tools.

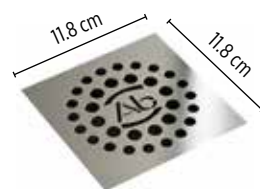

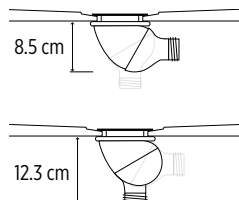

WASTE

Ab stainless steel grid and 90mm multi-directional waste, with hair trap basket, are supplied with every tray.

11.4 cm x 11.4 cm

Adjustable waste (vertical or horizontal outlet) with hair trap basket

BATH PANELS

BATHP170F37 and BATHP70F37 F37 Inari.

The plinth and panel are adjustable from behind to allow installation to standard bath heights up to 58cm. For unusually high baths an additional higher plinth can be supplied to increase the height by up to 12cm.

STANDARD BATH FRONT PANEL

With adjustable plinth
(58 cm maximum height)

BATH170*** W 170 cm **£ 259**

STANDARD BATH END PANEL

With adjustable plinth
(58 cm maximum height)

BATHP70*** W 70 cm **£ 139**

BATHP80*** W 80 cm **£ 139**

Please note:

Bath panels are manufactured from resistant materials which are impervious to water infiltration, however once installed all panels must be sealed along top, bottom and sides with a suitable silicone sealant to prevent any damage from running or standing moisture.

BATH PANELS ARE AVAILABLE IN VARIOUS SIZES AND ALL COLOURS AND FINISHES TO BLEND BEAUTIFULLY WITH YOUR BATHROOM FURNITURE.

All the Rapide collection drawers and fascias are made independently. No grain patterns or designs continue from one fascia to another, in any direction, on any units. Every Ambiance Bain retailer has samples of all material finishes available for your perusal and approval. Please ensure that you are happy with any and all colour, grain and shade matches prior to ordering your furniture.

WASTE FITTINGS

We recommend the use of a super slim, self-sealing waste trap with all drawer units. (ref: SSTRAPK).

ORDERING

It is imperative that all sizes, dimensions and product selections are confirmed prior to placing any order for Ambiance bain products. Due to modern computer controlled industrial manufacturing systems, once ordered the unit sizes, colours and any other specification cannot be altered or cancelled under any circumstances. Ambiance Bain will supply your units to the original order and specification supplied. No liability can be taken for any ordered units or handles fitting and working in any specific room or layout. This is the responsibility of the layout designer and retailer. Ambiance Bain makes every effort to supply all goods within normal lead times. However any specified delivery date is approximate and forms no part of any contract.

DELIVERY

Delivery costs are included for all orders over £499 (UK Mainland). For all other orders a carriage charge calculated according to the delivery address will be added.

GUARANTEE

We guarantee the Rapide collection for 1 year, extended to 5 years upon completion and registration of our guarantee card (1 year for all electrical items, mirrors, cisterns and ancillary items not manufactured by ourselves) against all manufacturing defects acknowledged by our company when used in a domestic situation within our care and installation guidelines.

Our furniture will deteriorate through excessive water spillage or heavy condensation. We do not guarantee any units fitted within a bathroom that is not well ventilated and fitted with a time delayed or humidistat controlled extractor fan. All furniture must be protected with shower/bath enclosures and all exposed parts must be dried off with a suitable cloth/towel after use.

Products must be installed and cared for in line with our latest guidelines, local water bylaws and any other relevant regulations. The guarantee does not apply to any products that have been misused, abused or installed outside of our installation guidelines. In the unlikely event that the product fails within 5 years (1 year for all electrical items, cisterns and ancillary items not manufactured by ourselves) we will provide a replacement part (or nearest currently available equivalent). Liability is limited to individual products and does not cover any consequential loss/damage or any further fitting/refitting costs or financial compensation. The customer will be required to pay for the installation cost of any replacement parts.

INSTALLATION & MAINTENANCE

All items must be inspected for any incorrect ordering, transit damage or manufacturing faults before removing existing services in the bathroom as any replacement parts required may require remanufacture and transportation from our continental factories, which will involve unavoidable time delays.

Whilst Ambiance Bain make every effort to supply perfect goods within normal delivery lead times, we will not be held responsible for any delayed or incomplete installation costs or inconvenience caused. Installation of any Ambiance Bain products will be considered as acceptance of the specification, quality and finish of the said merchandise by the consumer.

It is imperative that your Ambiance Bain units are installed by a qualified professional bathroom installer. All electrical items must be tested prior to installation as liability is limited to replacement items only.

We do not recommend the use of any chemical cleaning or other products with our furniture. We only recommend the use of mild soapy water and a soft lint free cloth.

Suitable silicone type seals must be put in place to protect all basin and unit edges from water ingress.

If you or your installer has any installation queries please contact our sales office prior to commencing the installation
Tel: 01925 852675. Full installation instructions are available at www.ambiancebain.co.uk
