Discover Ambiance Bain

The Spirit of Ab

Shape, colour & material

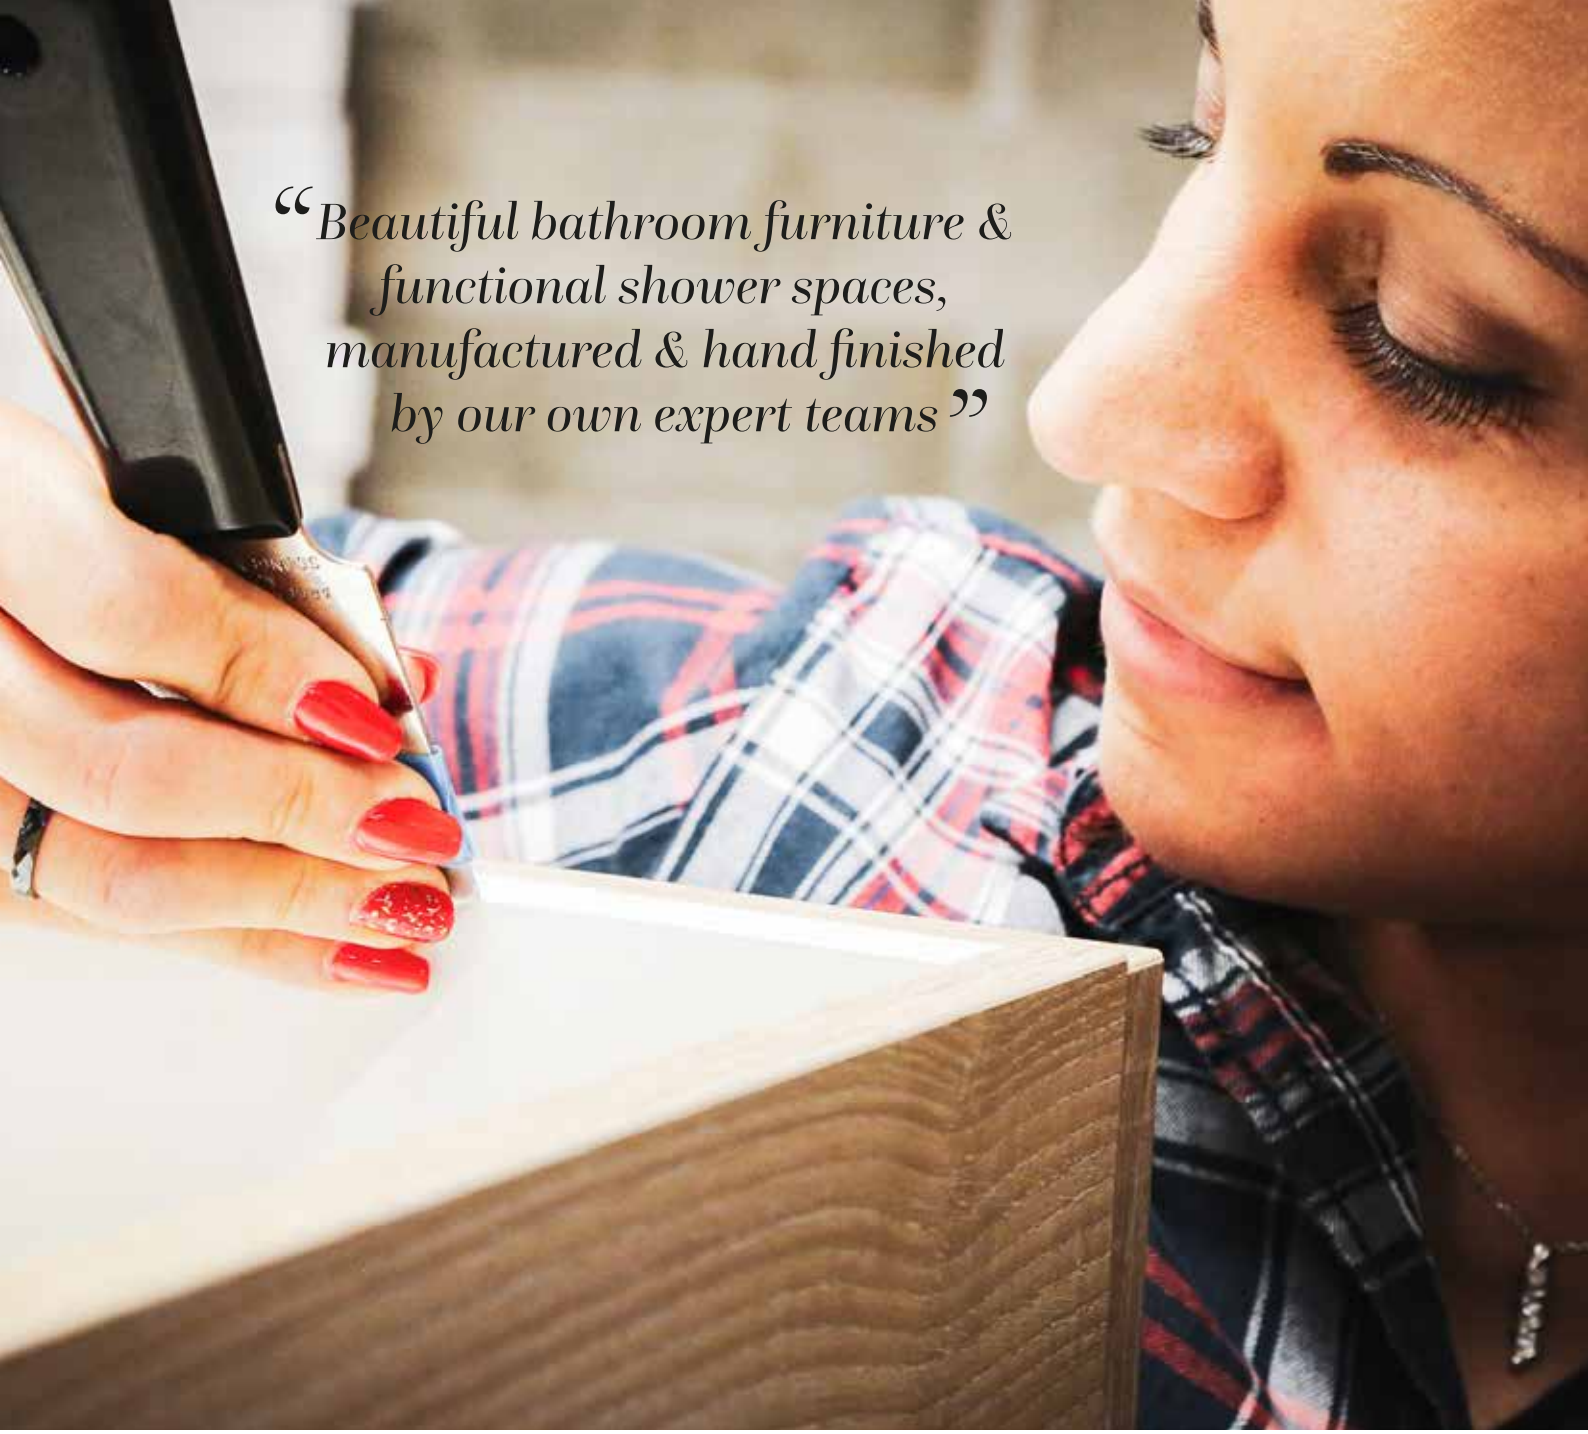
Our imaginative design and development team come from a variety of artistic, independent and specialised backgrounds.
Sharing their **experience and knowledge to create a fabulous, state-of-the-art, functional collection** with a touch of individualism that reflects modern living and its challenges.

"experience and knowledge to create a fabulous, state-of-the-art, functional collection"

tenacity
audacity
elegance
innovation

Family values

Ambiance Bain derives its true strength from **our values in work ethics, knowledge transmission and business commitment.** Our family and entire business are constantly seeking to improve our services and processes to deliver **outstanding quality, functional and innovative products** which exceed customer expectations.



Discover Ambiance Bain

Industrial Independence

Creative freedom

In response to our desire for creative freedom, we have developed a comprehensive range of bathroom & shower space solutions. Ambiance Bain manufacture all of our own ranges: furniture, basins, worktops, storage units, mirrors, shower trays and wall panels.

Our in house manufacturing capabilities enable a creative autonomy without the reliance on any other company's technical or design constraints.

We have mastered the ergonomics, reliability and manufacturing quality of your entire bathroom. Only internal drawer runners, door hinges and other technical parts are sourced from the best European specialists to complete the collection.

Creative Innovation...

Innovative technology combined with artisan demands. The production methods at Ambiance Bain merge together the latest manufacturing innovations with traditional techniques, to ensure an impeccable finish.

Digital cutting, laser finishing, nothing is left to chance, the attention to detail is the secret to flawless quality.

Beautiful Craftmanship & Inspirational Design

Your bespoke bathroom is made to order and delivered fully assembled, adjusted and configured to your individual design. Every part is fully manufactured in one of our factories, according to your specifcations and following perfect traceability at every step of the way. All of our units are assembled following traditional artisan methods with glue and dowels, they are then individually pressed to ensure their solid longevity.

“ Planning your perfect bathroom & shower space ”

SMO™ a unique material for the bathroom

SMO™ is an exclusive material that allows us to manufacture **our own one piece moulded basin and countertops**, **conceived and created as a single piece.** Created from a mixture of natural stone powders and a 1mm thick surface gel coat, SMO™ not only meets all the sanitary constrains in the modern designer bathroom, but also allows you to harmonise your furniture, shower and window sill too.

Moulds designed by our experts

Hand finished with minute attention to detail. Nothing surpasses the knowledge and expertise of the craftsman. Even our SMO™ products, although manufactured in quantities, are sanded and polished by hand & available in a wide range of colours to perfectly complement your bathroom style.

“Your furniture is unique, made to order and delivered fully assembled and adjusted!”

Each element is internally manufactured in one of our factories according to your specifications with complete traceability at every stage. All our furniture is assembled using traditional methods for a perfect finish you can trust.

Devoted to satisfaction & quality

Customer service devoted to satisfaction & quality... Our customer service team checks your order to ensure everything is logical and assists your retailer at every step in designing your project.

We take care of your bathroom right up to its delivery! Each piece of furniture is meticulously packaged and shipped individually.

Why Choose Ambiance Bain

A co-ordinated Approach

for your entire bathroom

We manufacture a fully comprehensive range of bathroom components : a unique approach that allows you to equip your bathroom with beautiful furniture designs as well as comfortable and durable matching shower spaces.

A matching shower space...
Complete shower with matching shower tray & wall panel made from SMO™.
SMO™ makes it simple to harmonise the colours of the worktop, shower tray and shower wall panelling.

1. Mirrors & lighting manufactured especially for you
2. Units & unique SMO™ worktops
3. Matching SMO™ shower wall panel
4. Co-ordinating ancillary units
5. Matching SMO™ shower tray

Why Choose Ambiance Bain

Features of

Ambiance Bain

All of our ranges of units feature high quality
European components and the same manufacturing quality.
Our units are designed and produced to last!

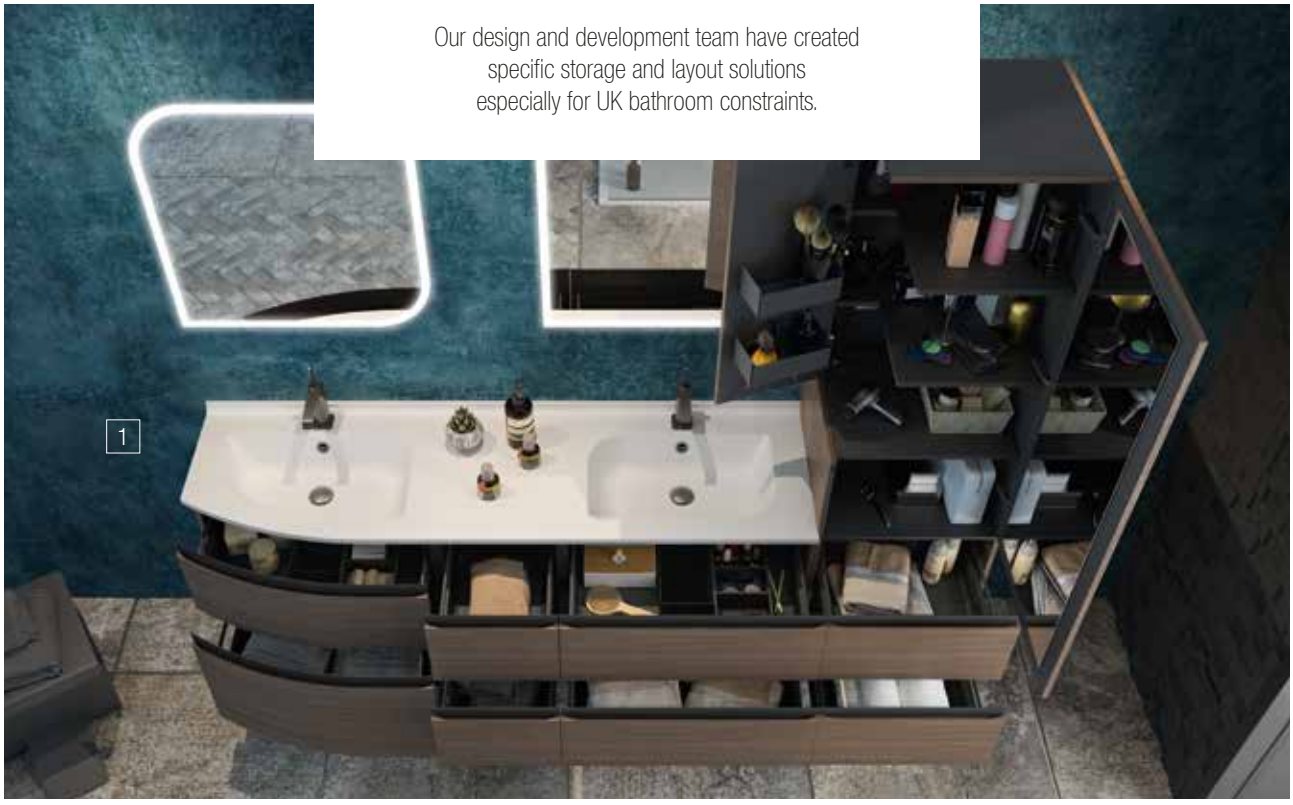
KIT1202V Double Basin unit M493 Teak,
SM0201 Matt White basin, MINE120UK mirror,
KMNI28179 Niche & KMCOLETMI1793320
Mirror Niche units.

1. Panoramic mirrors and shelving units make a room feel bigger & create a more open HOTEL style
2. One piece continuous moulded designer SMO™ basins and worktops without joints or sealants
3. Upstands to provide water proof wet area that are simple to maintain
4. Sparkly finishes on worktops and handles provides a touch of glamour to any bath time experience
5. Delicately shaped and curved units designed with finesse
6. Highest Quality European blum components for the longest lasting quality
7. Storage solutions designed specifically for smaller UK bathrooms
8. Largest palette of colour options available

Wide choice of worktop materials to suit all budgets and styles:
SMO™, Staron® Solid Surface & Laminate.

Storage
designed for the UK

Our design and development team have created specific storage and layout solutions especially for UK bathroom constraints.



Maximum storage with matching materials and co-ordinating colours can be used to create the perfect bathroom for all the family. Fun for kids and a practical oasis for parents.

1. Drawer, tall and wall units offer adaptability to fit in different bathroom configurations, enhancing and maximising storage solutions.
2. Toilet roll unit with hidden spare roll or sanitary storage.
3. The back to wall WC unit attractively conceals the cistern.
4. Large storage capacity. The numerous drawers can be opened to their full depth and are easy to reach, providing unmatched storage capacity.

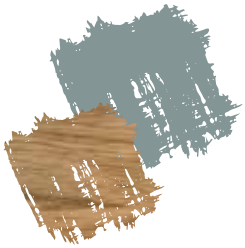
choose a module

Select from our extensive ranges and find the style that suits you best, then choose an individual module according to the available space and your storage requirements. Explore the numerous choices available.

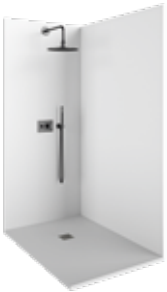


select a colour

These fabulous ranges are all available in a beautiful array of the very latest finishes. Be inspired by our assortment of images to select the latest chic interior colour scheme, or completely fulfil your dreams and design your own. All of the available colours are detailed with each range.

add ancillary units

Add your personal touches by choosing a basin, mirror, tall storage or additional cabinets from those available in the individual range or matching items from our vast array of units from our fitted range to conclude the design of your new oasis.



need a shower ?

With a comprehensive range of SMO™ shower trays and wall panels to choose from, Ambiance Bain offer you choice, style and co-ordination with your furniture. Take a look for yourself, there is an option for every style and size of bathroom.

finishing touches

Select a bathroom mirror in the same finish as your unit or you can create your own relaxation heaven by selecting remote controlled RGB multi-coloured LED lighting which will add coloured ambient lighting to your room from behind mirrors.

the modular collection

Our modular units comprise numerous ranges of stylish ready-made designs. They are all available in set sizes with set specifications and associated complementary units. Simply follow the steps opposite and you will soon be on your way to creating your new personal sanctuary. Alternatively seek assistance from your Ambiance Bain Retailer who has vast experience of designing both beautiful and practical bathrooms and will be more than happy to help you.

AVI1402VR double rounded unit F88 Cachou & matt gold handgrips under SMO200 Gloss White double basin with AVIH922515 open wall unit, AVIMI140 Illuminated mirror and contrasting SMO221 Lava Satin Altima shower tray and wall panel.

plan your layout

Draw a plan of your room including all doors, windows and existing plumbing then position the various units within the available space. Do not forget that by adding large mirrors you will enhance the feeling of space in small rooms. Inspiration can be found within the different room type sections and with the roomset plan examples on the following pages.

Alternatively seek assistance from your Ambiance Bain retailer who has vast experience in designing both beautiful and practical bathrooms and will be more than happy to help you.

select a doorstyle

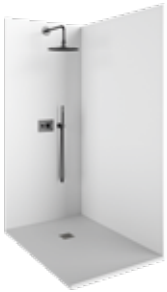
Ambiance Bain offers five different door designs for you to choose from. So whether you are looking for a contemporary, classic or country style bathroom, there is something for you. Please note that the name refers to the door design, not its colour. All door styles are available in many different colours.

choose your worktop material

Ambiance Bain offers 3 types of worktops - SMO™, Staron® or Laminate. SMO™ worktops feature an integrated basin and are moulded into a single piece. Available with or without upstand, they provide a smooth, durable finish that is easy to clean with a guarantee against any water infiltration. 12mm super slim Staron® worktops offer a durable solid surface matt finish to which you can add a ceramic basin of your choice. Laminate worktops are a more affordable option, yet they are also made of a water resistant board material and are available with or without upstand. Your personal worktop shades can be chosen to either contrast or complement the door finish (see inside back cover for full selection).

handles or push-latch

There are many beautiful handles included or opt for our latest contemporary push latch handleless opening (available on most units).



need a shower ?

With a comprehensive range of SMO™ shower trays and wall panels to choose from, Ambiance Bain offer you choice, style and co-ordination with your furniture. Take a look for yourself, there is an option for every style and size of bathroom.

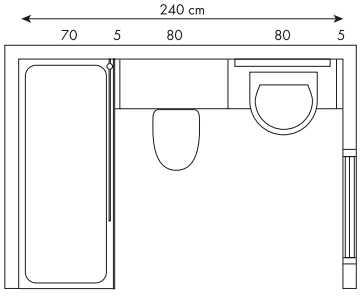
The fitted collection

The fitted furniture range from Ambiance Bain is one of the most comprehensive on the market. Featuring a wide collection of units available in numerous sizes, allowing you to have a truly unique made-to-measure bathroom. Fitted bathroom furniture offers plenty of practical storage as well as concealing all the plumbing behind units and plinths as required.

4
design options
for the same bathroom

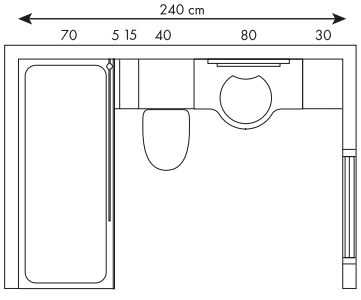
KOMBATH170, BATHFILL33, WC3380, BU3380, EFILL56D

This simple solution hides all plumbing and waste pipework as well as concealing your toilet cistern whilst providing ample worktop space and additional storage. A matching bath panel enhances the design.



KOMBATH170, BATHFILL33, BTR3315, WC3340, BU3380, ZBOWL36S140, A3330R, MITB55

By reducing the WC unit and basin sizes you can add a toilet roll unit with spare roll storage and a large tall unit to house all of your bathroom cosmetics. The addition of a one piece SMO™ basin and worktop combination with moulded upstand creates an easy clean seamless solution.



From a simple design to hide all of the unsightly pipework to a sculpted designer layout which maximises the storage possibilities, and from co-ordinating decorative mirrors to large panoramic versions with illuminated LED lighting pelmets the options are endless, as are the cost implications. We have numerous door styles and colour options available.

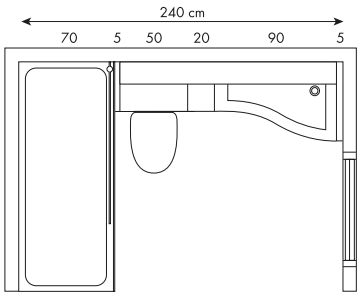
See inside the back cover to choose the hues and tones that suit your taste. Your local Ambiance Bain specialist has vast experience in designing both beautiful and practical bathrooms and will be more than happy to help you create your own individual design within your own personal budget.

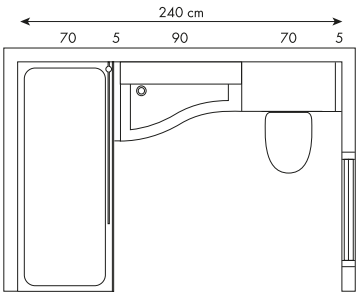
KOMBATH170, BATHFILL33, WC3350, BC3320, ISEO90R, EFILL56D, ZNISEO90R170, MIV50, PANELMG30, MIV90, LP17170

KOMBATH170, BATHFILL33, ISEO90L, AWCFL3370, EFILL201D, ZNISEO90R95, MIV95, LP17095

Introducing an offset curved basin unit with designer shaped bowl adds to the opulence and storage capacity, whilst the large panoramic mirrors and illuminated LED lighting pelmet increase the feeling of light and space within the room.

Adding a tall WC unit brings a different feel but adds cavernous storage above the toilet. Combined with the large offset basin unit there is copious amounts of space to accommodate your health care and toiletry products.





Cloakrooms
& small bathrooms

Where space is premium, Ambiance Bain can offer inspirational design options suitable for any size of cloakroom or small bathroom. When you're designing your space, we can offer fantastic space saving ideas to maximise your storage so you can have the beautiful bathroom of your dreams in an array of colours to suit your mood.

1. Reduced depth units will fit into the smallest of cloakrooms.
2. SMO™ Moulded one piece basin and worktop creates larger bowl.

Shower spaces

Designed specifically to co-ordinate, our shower trays and matching wall panels are manufactured entirely in our own workshops. We have developed SMO™, a mixture of natural stone and binder covered with a 1mm thick surface gel coat, which is an exclusive material used to create beautiful, durable co-ordinating shower trays, wall panels, worktops and basins for a completely harmonious look.

1. SMO™ shower trays with a choice of recessed, surface mounted or raised with a plinth
2. Matching wall panels available in 2 thicknesses and 3 finishes.

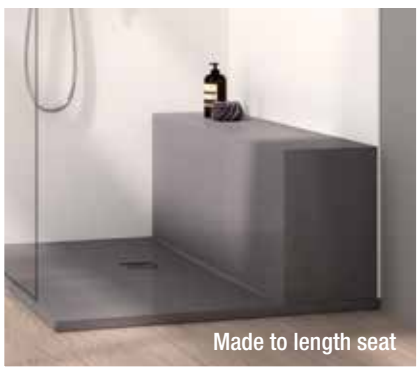
Seats

A beautiful range of co-ordinating or contrasting SMO™ Shower Seats add a touch of luxury to your shower space. With a choice of Standard, Made to Measure or Corner Seats, there is an option for everyone. Relaxation in the shower is no longer an illusion with a functional seat for you to rest and place your toiletries. A Shower Seat doesn't have to be for use just in less abled applications, but can look stunning in any shower room.

Corner seat



Made to length seat

Standard seat

Why choose
Ambiance Bain

All of our ranges of units feature high quality European components and the same manufacturing quality.
Our units are designed and produced to last !

CONCEALED CISTERNS AND WALL HUNG TOILET FRAMES

Every WC unit comes complete with a GEBERIT dual flush push button cistern (Macdee cistern in 40cm WC unit). All cistern components are accessible and replaceable through the removable top fascia panel.
All wall hung toilet units include a GEBERIT super strong steel frame with multiple fixing points inside the unit to support the toilet. All frames have been load tested to over 400Kg (60 Stones).

Lagoon doorstyle 737 Ebony, basin & worktop SM0234 Blizzard Galaxy Gloss, Handle Wave chrome P039.

MIRROR

Secured by aluminium rails for increased safety and easier installation. 6mm thick for added depth, brightness, and reflection without distortion Available with optional heated antimist pads.

LIGHTING PELMET

Fitted with concealed transformer, drivers and wiring to support built-in natural white (4100K) LED low voltage spotlights. With Class II electric shock protection and optional switch.

DRAWERS

Open fully for easy access and feature easy to clean rounded inside edges. Dynamic load: 30kg (no sagging). Smooth gliding for guaranteed comfort. Blumatic soft-close action. Three-way adjustable, quick clip-on fittings for perfect fascia alignment.

ANTIMIST

Many of our mirrors come complete with or may be fitted with our ANTIMIST heated pads. These prevent an area of your mirror from steaming up with condensation in your bathroom.

CARCASES

Made of high-density melamine (650kg/m3) and meets EN312 standard. Manufactured with solid backs. Available in 16 colours (see inside back cover).

WATER-RESISTANT WORKTOP

Ambiance Bain offers 3 types of worktops, SMO™, Staron® or laminate. SMO™ worktops feature an integrated basin and are moulded into one piece. Available with or without upstand, they provide a smooth, durable finish that is easy to clean with a guarantee against any water infiltration. Laminate worktops are made of water-resistant high density particle board. 12mm super slim Staron® worktops offer a durable solid surface matt finish to which you can add a ceramic basin of your choice

HINGES

Clip-on for easy installation. Soft close dampners, 110˚ opening and 3 way adjustable for better accessibility.

MIRRORED SHELVING UNITS

Fitted with mirrored back, these are durable, UV-bonded 10mm glass shelves that add a sleek touch to your bathroom.

Finishing *touches*

At Ambiance Bain we can even supply our many manufacturing materials so that your installer can finish your bathroom to that perfect level and with great detail.

LAGOON door style 814, SMO218 basin & worktop.

terms & conditions

WASTE FITTINGS
We recommend the use of a super slim self-sealing waste trap with all basin units (ref: SSTRAP).

ORDERING
It is imperative that all sizes, dimensions and product selections are confirmed prior to placing any order for Ambiance Bain products. Due to modern computer controlled industrial manufacturing systems, once confirmed by order acknowledgment the unit sizes, colours and any other specification cannot be altered or cancelled under any circumstances. Ambiance Bain will supply your units to the original order and specification supplied. No liability can be taken for any ordered units or handles fitting and working in any specific room or layout. This is the responsibility of the layout designer and retailer. Ambiance Bain makes every effort to supply all goods within normal lead times. However, any specified delivery date is approximate and forms no part of any contract.

DELIVERY
Delivery costs are included for all orders over £700 inc. VAT (UK Mainland). Individually ordered Wastes, handles and ancillary items will incur a £10 P & P charge. For all other orders a carriage charge calculated according to the delivery address will be added

1. Made to measure special doors

Many standard sizes or even made-to-measure doors and panels are available to match your furniture and conceal your airing cupboard, boiler or any other space.

Ask your Ambiance Bain specialist for more details.

2. Laminate shelves

20mm thick laminated shelves can be used to create window sills, dwarf wall cappings and bath decks.

TOPS	1/2 round edged 20mm shelving (10 - 40cm deep)	per 10cm	**£ 23**

2. SMO™ shelves

20mm thick SMO™ shelves can be used to create window sills, dwarf wall cappings and bath decks.

ZTAB23	23.5 cm deep per 10 cm	**£ 47**
ZTAB36	36.5 cm deep per 10 cm	**£ 55**
ZTAB50	50.0 cm deep per 10 cm	**£ 67**
ZTAB60	60.0 cm deep per 10 cm	**£ 67**

2. staron®

Solid Surfaces

12mm Staron® countertops are non-porous and hygienic. Ideal for window sills, and other finishing touches.

STARTAB23	23.5 cm deep per 10 cm	**£ 29**

KOMBATH80	W 80 cm	**£ 159**	PROVBATH80	W 80 cm	**£ 185**

GUARANTEE

We guarantee all Ambiance Bain units for 5 years upon completion of our online guarantee registration form (1 year for all electrical items, mirrors, bath panels, WC frames, cisterns and ancillary items not manufactured by ourselves) against all manufacturing defects acknowledged by our company when used in a domestic situation within our care and installation guidelines. Our furniture will deteriorate through excessive water spillage or heavy condensation. We do not guarantee any units fitted within a bathroom that is not well ventilated and fitted with a time delayed or humidistat controlled extractor fan. All furniture must be protected with shower/bath enclosures and all exposed parts must be dried off with a suitable cloth/towel after being used. Products must be installed and cared for in line with our latest guidelines, local water bylaws and any other relevant regulations. The guarantee does not apply to any products that have been misused, abused or installed outside of our installation guidelines. In the unlikely event that the product fails within the guarantee period, we will provide a replacement part (or nearest currently available equivalent). Liability is limited to individual products and does not cover any consequential loss/damage or any further fitting/refitting costs or financial compensation whatsoever. The customer will be required to pay for the installation cost of any replacement parts.

INSTALLATION & MAINTENANCE

All items must be inspected carefully in natural daylight and in situ under bathroom lighting for any incorrect ordering, transit damage or manufacturing faults before removing existing services in the bathroom as any replacement parts required will inevitably require remanufacture and transportation from our continental factories, which will involve unavoidable time delays. Whilst Ambiance Bain make every effort to supply perfect goods within normal delivery lead times, we will not be held responsible for or make any payments relating to any delayed, replacement or incomplete installation costs or inconvenience caused. Installation of any Ambiance Bain products will be considered as acceptance of the specification, quality and finish of the said merchandise by the consumer. Any damage notified post installation will be considered to have incurred during or after installation. It is imperative that all Ambiance Bain units are installed by a qualified professional bathroom installer. All electrical items must be tested prior to installation as liability is limited to replacement items only. We do not recommend the use of any chemical cleaning or other products with our furniture. We only recommend the use of mild soapy water and a soft lint free cloth. Suitable silicone type seals must be put in place to protect all worktop, mirror and unit edges from water ingress. Particular attention must be made where basins attach to units and where units adjoin walls. N.B. Mirrors require a special mirror safe sealant as normal silicone sealant will damage the silvering on the rear of mirrors. If you or your installer has any installation queries, please contact our sales office on 01925 852675, sales@ambiancebain.com prior to ordering goods or commencing the installation.

Modular Handles

Each modular unit includes the specified handles. For alternative, spare & modular handles on fitted units, order undrilled and choose from the chargeable handles below.

RAL*
CLASSIC

Modular SMO™ basins are supplied in Gloss white as standard. 14 other standard finishes above are available at the same price as well as up to 200 RAL colours with a supplementary charge. All SMO™ basins are supplied with one tap hole per bowl. Undrilled no tap hole options are available upon request
For SMO™ showers trays and wall panel colours, see separate Ab Shower Spaces brochure.

SMO™ is a cast material made from natural calcium carbonate and polyester. It is coloured using organic powder pigments and baked to 80° Celcius to ensure stability. It is coated with a sanitary Gel coat during its manufacture and can be cut or drilled using normal woodworking tools and a jigsaw with fine tooth sharp blade. SMO™ is a hand moulded product that will always have slight imperfections in size, flatness dimples and some shade variations between pieces. High gloss surfaces will show light circular polishing marks in direct lighting. This is all part of the tolerances of this modern moulded material and cannot be exchanged or refunded under the guarantee policy.

Ambiance Bain furniture is manufactured from several different board and foil materials, which are sourced from varying eco friendly European suppliers. Whilst every effort is made to find materials with matching colour and grain patterns it is inevitable that there will be some shade and pattern differences between different materials advertised as the same colour. Wood grain pattern orientations may differ on niches, tall units, fillers, bath panels and plinths due to the dimensional limitations of the raw materials used. All doors, drawers and fascias are made independently. No grain patterns or designs continue from one fascia to another, in any direction, on any Ambiance Bain units. Curved laminate doors, fascias and some worktops will have a visible hand finished "joint line" where the 2 opposing sheets of laminate meet at the top and bottom edge. This is part of the normal manufacturing process. Every Ambiance Bain retailer has samples of all material finishes available for perusal and approval. Please ensure that you and your clients are happy with any and all colour, grain and shade matches prior to ordering any furniture.
