Ambiance Bain

the family

SPIRIT

Family values and a family commitment!

Ambiance Bain derives its true strength from our values in work, methods, knowledge transmission and business commitment which have driven our family and our entire business for over 60 years. We are constantly working to improve our service, our processes and our quality so that we deliver outstanding products to our customers that will exceed their expectations.

1956 - 2021

manufacturing quality

Industrial and technological innovation to support craftman traditions

In order to deliver an impeccable finish, production lines at Ambiance Bain blend a balance of the technician's artisan skill and perspective with the latest technological innovations in manufacturing. Whether it's CNC cutting or laser edging, nothing is left to chance; taking care of every last detail is the secret to unblemished quality.

Your bathroom is one-of-a-kind, made to order, and delivered fully assembled, adjusted and configured!

Once the order has been received from your retailer, this bathroom is already yours, every part is fully manufactured in one of our factories, according to your specifications and following perfect traceability every step of the way. All of our units are assembled using traditional methods with glue and dowels. They are then individually pressed to ensure their solid longevity.

We take care of your bathroom right up to its delivery!

Every unit is carefully packed and shipped individually.

Customer service devoted to satisfaction and quality!

Our customer service team ensures that everything is logical with your order and will assist your retailer at every step in designing your project. All of our units come with a 5-year warranty*.

the complete col

A comprehensive range for your entire bathroom.

Ambiance Bain manufacture a fully comprehensive range of bathroom components. This approach allows you to equip your bathroom with beautiful coordinating furniture designs as well as durable matching shower trays and wall panels.

1. Drawers

Fully opening deep drawers with BLUM drawer box and soft close concealed runners. The highest quality.

2. Tall unit

Additional storage solutions.
Fully co-ordinated.

3. WC units

Available as tall or standard height.
Includes Geberit WC frame to facilitate wall hung WC pans.

4. Bath panels

Fully co-ordinated bath panels to match your units. Available in 2 adjustable heights to suit all manufacturers baths.

lection

komplements

5. Mirrors & lights

Full range of mirrors and lights available. See our Ambiance Bain main brochure for details.

See page 41 for all additional unit and accessory codes and prices

6. Made to measure doors

Many standard sizes or even made-to-measure doors and panels are available to match your furniture and conceal your airing cupboard, boiler or any other space.

7. Laminated shelves

20mm thick laminated shelves can be used to create window sills, dwarf wall cappings and bath decks.

8. Made to measure panels

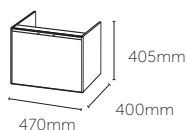

Complementary panels of fully edged melamine board or laminated and foil wrapped boards can be supplied to box in unsightly plumbing, soil pipes or other services.

finishing touches

At Ambiance Bain we can even supply our many manufacturing materials so that your installer can finish your bathroom to that perfect level and with great detail.

1. Made to measure special doors

Many standard sizes or even made-to-measure doors and panels are available to match your furniture and conceal your airing cupboard, boiler or any other space. Ask your Ambiance Bain specialist for more details.

2. Laminate shelves

20mm thick laminated shelves can be used to create window sills, dwarf wall cappings and bath decks.

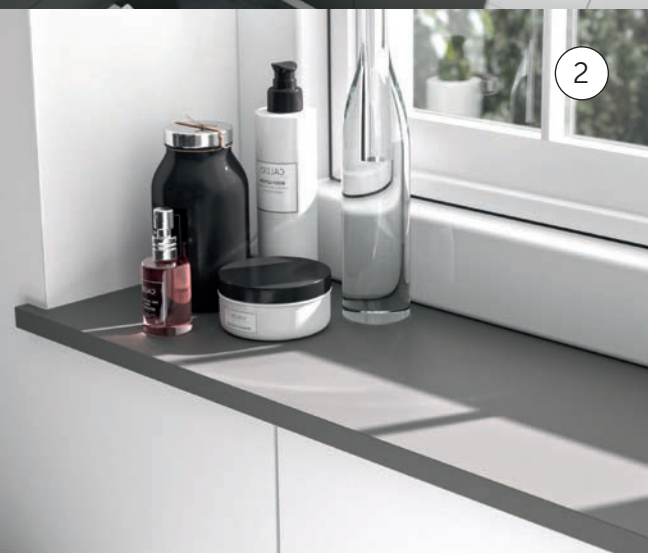

TOPS	1/2 round edged 20mm shelving	per 10cm	£23
-------------	-------------------------------	----------	------------

2. staron®

Solid Surfaces

12mm Staron® is non-porous and hygienic. Ideal for window sills and other finishing touches.

STARTAB23	23.5 cm deep per 10 cm	£29
STARTAB36	35.5 cm deep per 10 cm	£36
STARTAB50	50.0 cm deep per 10 cm	£39
STARTAB60	59.0 cm deep per 10 cm	£39

3. Made to measure panels

Complementary panels of fully edged melamine or laminated and foil wrapped boards can be supplied to box in unsightly plumbing, soil pipes or other services.

PAMEL16	Melamine board	per m² (£ 69 min per piece)	£109
PASTR1	Laminated or foil wrapped board (Specify grain direction when ordering)	per m² (£100 min per piece)	£485

4. Bath panels

Bath panels are available in various sizes, styles and all colours and finishes to blend beautifully with your bathroom furniture. The plinth and panel are adjustable from behind to allow installation to standard bath heights up to 58cm. For unusually high baths an additional higher plinth can be supplied to increase the height by up to 12cm.

Terms and Conditions

TECHNICAL SPECIFICATIONS:

- All units are delivered rigidly assembled using a glue and dowel construction method.
- All units are manufactured using high density melamine particle or fibre board (650kg/M³).
- Ambiance Bain furniture is manufactured from several different board and foil materials, which are sourced from varying eco-friendly European suppliers. Whilst every effort is made to find materials with matching colour and grain patterns it is inevitable that there will be some shade and pattern differences between different materials advertised as the same colour. Curved laminate doors and fascias will have a visible hand finished 'joint line' where the 2 opposing sheets of laminate meet at the top & bottom edge of the fascia. This is part of the normal manufacturing process. Wood grain pattern orientations may differ on tall units and bath panels due to the dimensional limitations of the raw materials used. All doors, drawers and fascias are made independently. No grain patterns or designs continue from one fascia to another, in any direction, on any Ambiance Bain units.
- Every Ambiance Bain retailer has samples of all material finishes available for perusal and approval. Please ensure that you are happy with any and all colour, grain and shade matches prior to ordering any furniture.
- We recommend the use of a super-slim sealing trap (SSTRAP) with all basin unit designs to optimise the use of the available space and drawers.
- All units are supplied with 2-way adjustable wall hanging brackets.
- All tall units have 5mm glass shelves with adjustable height positions.
- All doors are fitted with 3 direction adjustable BLUM soft close hinges.
- All drawers are fitted with 3 direction adjustable BLUM, fully opening, metal drawer boxes and soft close runners.
- All units are available undrilled for handles on request.
- Wall hung WC units include a specially designed, in collaboration with GEBERIT, super strong support frame with integral dual flush cistern.
- All mirrors can have slight imperfections in size, surface flatness, slight blemishes and small scratches. These are part of the tolerances within the mirror manufacturing process and cannot be exchanged or refunded under the guarantee policy if not visible from 1m distance
- All tights include relevant WEEE recycling charge.
- All items are shrink-wrap packaged with corner and edge protections.
- All dimensions are given in cm or mms, excluding handles and are supplied as a guide only. Any critical measurements can only be verified with the actual product supplied due to normal manufacturing tolerances.
- In the interest of constant product development, we reserve the right to change or delete any and all colours, finishes and technical characteristics of our products at any time and without notice.
- All photos and colour charts are reproduced as accurately as the printing process will allow but they are non-contractual and may differ from the actual products supplied.

ORDERING:

It is imperative that all sizes, dimensions and product selections are confirmed prior to placing any order for Ambiance Bain products. Due to modern computer controlled industrial manufacturing systems, once confirmed by order acknowledgment the unit sizes, colours and any other specification cannot be altered or cancelled under any circumstances. Ambiance Bain will supply your units to the original order and specification supplied. No liability can be taken for any ordered units or handles fitting and working in any specific room or layout. This is the responsibility of the layout designer and retailer. Ambiance Bain makes every effort to supply all goods within normal lead times. However, any specified delivery date is approximate and forms no part of any contract.

DELIVERY

Delivery costs are included for all unit orders. Individually ordered wastes and ancillary items will incur a £10 P & P charge. Bath panels or mirrors ordered for delivery alone will be subject to a carriage charge calculated according to the delivery address.

Whilst Ambiance Bain make every effort to supply perfect goods within normal delivery lead times, we will not be held responsible for any delayed or incomplete installation costs or inconvenience caused.

GUARANTEE

We guarantee all Ambiance Bain units for 5 years upon completion of our online guarantee registration form (1 year for all electrical items, mirrors, bath panels, WC frames, cisterns and ancillary items not manufactured by ourselves) against all manufacturing defects acknowledged by our company when used in a domestic situation within our care and installation guidelines.

Our furniture will deteriorate through excessive water spillage or heavy condensation. We do not guarantee any units fitted within a bathroom that is not well ventilated and fitted with a time delayed or humidistat controlled extractor fan. All furniture must be protected with shower/bath enclosures and all exposed parts must be dried off with a suitable cloth/towel after being used.

Products must be installed and cared for in line with our latest guidelines, local water bylaws and any other relevant regulations. The guarantee does not apply to any products that have been misused, abused or installed outside of our installation guidelines. In the unlikely event that the product fails within the guarantee period, we will provide a replacement part (or nearest currently available equivalent). Liability is limited to individual products and does not cover any consequential loss/damage or any further fitting/refitting costs or financial compensation whatsoever. The customer will be required to pay for the installation cost of any replacement parts.

INSTALLATION & MAINTENANCE

All items must be inspected carefully in natural daylight and in situ under bathroom lighting for any incorrect ordering, transit damage or manufacturing faults before removing existing services in the bathroom as any replacement parts required will inevitably require remanufacture and transportation from our continental factories, which will involve unavoidable time delays.

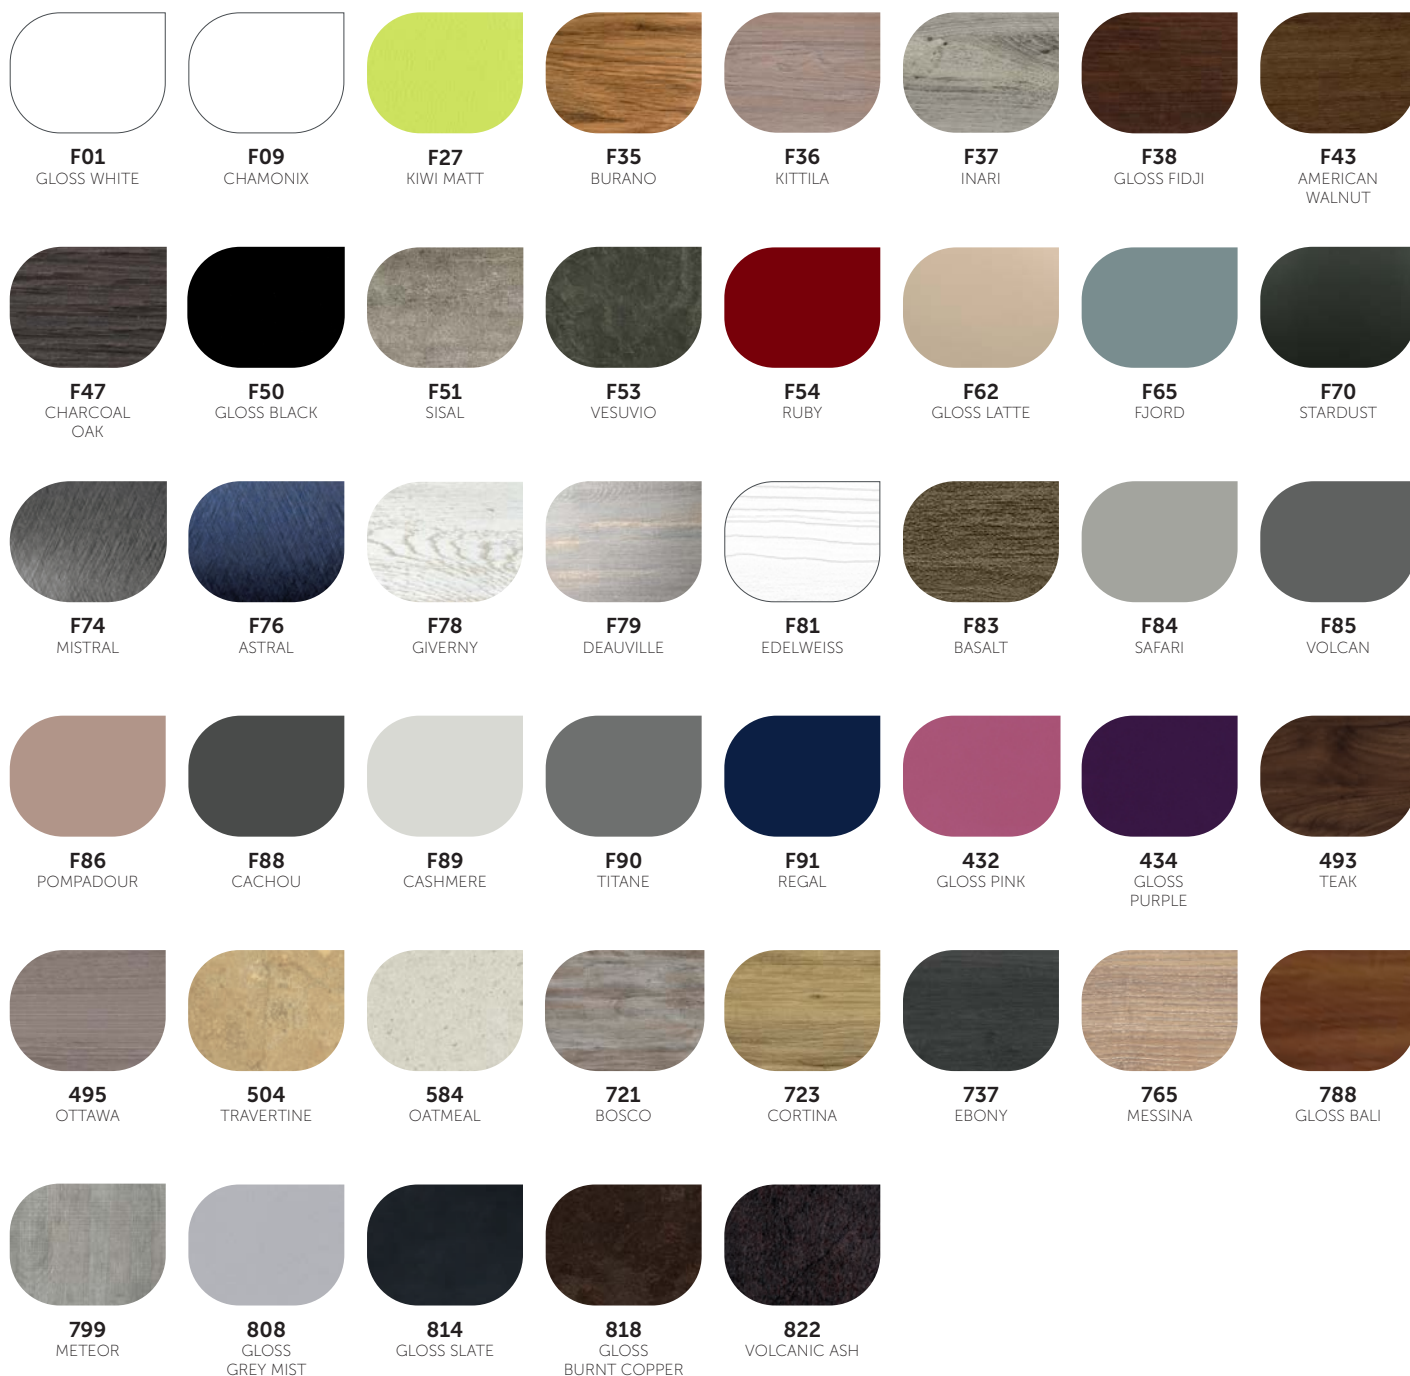

Whilst Ambiance Bain make every effort to supply perfect goods within normal delivery lead times, we will not be held responsible for or make any payments relating to any delayed, replacement or incomplete installation costs or inconvenience caused. Installation of any Ambiance Bain products will be considered as acceptance of the specification, quality and finish of the said merchandise by the consumer. Any damage notified post installation will be considered to have incurred during or after installation. It is imperative that all Ambiance Bain units are installed by a qualified professional bathroom installer.

All electrical items must be tested prior to installation as liability is limited to replacement items only.

We do not recommend the use of any chemical cleaning or other products with our furniture. We only recommend the use of mild soapy water and a soft lint free cloth. Suitable silicone type seals must be put in place to protect all worktop, mirror and unit edges from water ingress. Particular attention must be made where basins attach to units and where units adjoin walls.

If you or your installer has any installation queries, please contact our sales office on: **01925 852675** sales@ambiancebain.com prior to commencing the installation. Full installation instructions available on request.
